

## Money Experience Alignment with Mississippi Core Curriculum Content Standards - High School

Mississippi Core Curriculum Standards	Money Experience Alignment	Details
Competency 1 Explain the fundamental principles of financial exchanges.	<i>Lessons 1,2, 8 and 9</i>	Through the ME platform this is covered extensively
Competency 2 Manage personal finances to achieve financial goals	<i>Lessons 1-10</i>	Through the graphic novel and simulator, students are shown the importance of planning ahead and the consequences of not making smart financial decisions
Competency 3 Recognize the role of financial services providers in achieving financial goals	<i>Lessons 1,6,7 and 8</i>	Throughout ME students learn the difference between savings, investing and insurance products.
Competency 4 Apply investment strategies to ensure financial well-being	<i>Lessons 4, 7 and 8</i>	Comparing and contrasting options for savings short term and longer term. Also, developing an understanding of retirement accounts and how to maximize a 401(k), if offered through an employer.
Competency 5 Apply Payroll Concepts	<i>N/A</i>	ME does not go as far into detail on this subject as MS has described, but the overall concept is supported by the important of getting a good job, having income and having money support the students' goals.
